

Sketchbook Assignment Number Two

Now that I know that you can draw, I would like to see if you have an imagination. If you have your sketchbook, please create this work of art on the LAST page of your sketchbook. If you do not have a sketchbook, please create your work on computer paper. Absolutely no lined paper please as it takes away from your artwork.

So what is it?

Well, I want you to doodle. Yup, doodle. You know how to doodle - you do it on most of your papers when you're bored. Everyone doodles, even your parents when they are at really boring meetings. I doodle all the time. So I want to see your doodles.

Rules

- ✎ The theme of your doodle will be "All about Me". Everything you doodle has to describe who you are, what you like, what you do, what you listen to. Describe your self through pictures instead of words.
- ✎ It must fill the entire sheet of paper.
- ✎ Your work can be in black and white or you can add color. Whichever you choose, the picture still must be outlined in sharpie - preferably skinny.
- ✎ Be super creative. The more creative you are, the better.
- ✎ I don't want an actual picture with houses, trees, McDonald's birds... I want you to just doodle.
- ✎ Please keep it CLEAN which means I better not find anything that would be considered illegal. Bad, bad babies!

That should be good enough. If you have questions, you know where to find me!

Below - Examples of what doodles can look like. No copying please!
